

# 1. Bottles and portholes

|         |                          |            |        |
|---------|--------------------------|------------|--------|
| CoF     | Sivil-pistol - Medium    | Points     | 100 p  |
| Targets | 5 paper, Total 5 targets | Min rounds | 10     |
| Firearm | Handgun                  | Match-%    | 33.33% |

|                         |                                                                                                                                                                                                                                                                                                                   |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Procedure               | On start signal engage all targets as they become visible within the demarcated area. Tirethreads on ground = faultline. Red/white tape = walls extending up/down to infinity. ALL SHOTS THROUGH APERTURES must be fired while holding bottles in one hand. Left and right targets MUST be shot through apertures |
| Starting position       | Anywhere                                                                                                                                                                                                                                                                                                          |
| Firearm ready condition | 1, 45 deg angle                                                                                                                                                                                                                                                                                                   |
| Start on                | Audible signal                                                                                                                                                                                                                                                                                                    |
| Stop on                 | Last shot                                                                                                                                                                                                                                                                                                         |
| Penalties               | As per current edition of rules                                                                                                                                                                                                                                                                                   |
| Safety angles           | Left: mark, end of building, right: box on ground/90deg when facing berm, vertical: top of berm, horizontal when reloading                                                                                                                                                                                        |
| Setup notes             |                                                                                                                                                                                                                                                                                                                   |

## 2. Two bows and a porthole

|         |                          |            |        |
|---------|--------------------------|------------|--------|
| CoF     | Sivil-pistol - Medium    | Points     | 100 p  |
| Targets | 5 paper, Total 5 targets | Min rounds | 10     |
| Firearm | Handgun                  | Match-%    | 33.33% |

|                         |                                                                                                                                                                                                                               |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Procedure               | On start signal engage all targets as they become visible within the demarcated area. Tirethreads on ground = faultline. Red/white tape = walls extending up/down to infinity. 3 center targets MUST BE SHOT THROUGH APERTURE |
| Starting position       | Anywhere                                                                                                                                                                                                                      |
| Firearm ready condition | 1, 45 deg angle                                                                                                                                                                                                               |
| Start on                | Audible signal                                                                                                                                                                                                                |
| Stop on                 | Last shot                                                                                                                                                                                                                     |
| Penalties               | As per current edition of rules                                                                                                                                                                                               |
| Safety angles           | Left: mark, end of building, right: box on ground/90deg when facing berm, vertical: top of berm, horizontal when reloading                                                                                                    |
| Setup notes             |                                                                                                                                                                                                                               |
