## OVERVIEW

SSI can handle all payments for you using secure easy-to-use payment processing for your matches and/or club.

SSI is integrated with Worldline as payment processor allowing for payments to be made using SWISH, VIPPS, Mobile Pay, credit- and debit cards and in; EUR, USD, SEK, NOK, DKK within SSI.

These the terms and conditions are for when you as 3<sup>rd</sup> Party is using SSI to process payments for purchases made by a Shooter/User in SSI and with your Club or Match/Series that you are responsible for.

This feature is available only within Premium Clubs and Events. So first of all, your match or club needs to upgrade to a Premium Event or Premium Club.

Then under Premium settings you can select SSI as Payment Processor and save settings. This is not possible to combined with PayPal or Swish, PayPal also has a very anti-sport-shooting ideology – do not use them.

Once this is done, under Premium settings you will be asked to enter your Bank details; Account Holder, IBAN account number, BIC bank identification etc. You usually find this under your account details from your bank. You can also select how often SSI shall forward money to your account.

When you have completed this your match or club will be up and running and shooters can pay for orders they make, using SWISH, VIPPS, Mobile Pay, credit- and debit cards

## WORKFLOW

The flow of money is when someone pays for an order is:

*Shooter pays -> Worldline -> SSI bank account @ SEB -> SSI pays final amount forward to match/club bank account.*

## FORWARD PAYMENTS

For a Match or Series, SSI will compile all orders-paid and no longer refundable (depends on your settings) and create one single forward payment on Wednesdays every 2<sup>nd</sup> even week.

For Clubs, SSI will compile all orders-paid and no longer refundable (depends on your settings) and create one single forward payment on Wednesdays the first even week every month.

Payments can then take 1-5 business days to reach your account).

For example, if you have set the 'refund time limit' to 14 days and the forward payment is generated on the 21<sup>st</sup> in a month, then this forward payment will include all payments that have been completed before the 7<sup>th</sup> of the month. Those made on 7<sup>th</sup> or later need to be kept available for refund).

If you wish to get all payments forwarded at next time SSI compiles payments, simply set the 'refund time limit' to 'no refunds' (=0 days) as then all payments will be include every time a forward payment is generated.

If a forward payment is for a very small amount (<5000 SEK, <5000 NOK, <5000 DKK, <500 USD, <500 EUR) SSI can choose to withhold this for one or two intervals simply to accumulate this and avoid unnecessary transaction fees.

# CANCELLATION AND REFUNDS

## Cancellation and refunds of Payments in a match or club

As match- or club responsible you should set and clearly communicate the cancellation and refund policy towards your competitors or club members.

Within SSI a shooter can make one or more Orders for different services or items you offer, these are then paid in one Payment for all Orders in the Purchase from you as 3<sup>rd</sup> Party.

We recommend you offer full refund on Orders within a limited time (default is set to 2 weeks), partial refunds for a longer period (refund amount except transaction fees) and under which terms you will not offer any refunds.

Under Premium setting you can edit your refund policy and choose from 0 (no refunds) to 90 days.

If you e.g. allow refunds within 14 days, then when a shooter/competitor has made a payment you can view this payment and refund this within 14 days, SSI will regularly pay forward your Final Payments and then only include payments older than the refund time limit.

If a Payment has been paid to the SSI bank **but** has not yet been paid-forward by SSI to your bank account, then anyone with Admin role for the event or club can do a full refund on all Orders included in Payment and this will happen. Depending on payment method; Swish, VIPPS, MobilePay, which credit- or debit card SSI might be forced to withhold all or parts of the Worldline transaction fee as the full refund time interval and transaction fee differs depending on payment method. For payments refunded within 1-4 weeks there is almost never any fee withheld.

Note that it is up to you and your refund policy \*if\* you make full-, partial or no refunds to a user. SSI only provides features for performing this for you when you decide.

Under EU consumer protection rules any product or service bought online can be cancelled or returned within 14 days without any justification (thus we have set 14 days as default refund time limit).

## Cancellation and refunds for using SSI as Payment Processor

You can at any time cancel the usage of SSI as Payment Processor by simply disable this under event or club premium settings. Then no orders can get paid by a user to SSI bank account and later forwarded to you.

Cancelling SSI Payment processing this will trigger a final forward payment with all any orders paid to SSI but not yet paid-forward to the event- or club bank account. SSI & Worldline fees will be charged for this final forward payment as normal.

This last, and any previous fees will not be refunded but the full final amount will be paid to your bank account.

## FEES

When using and allowing orders to be paid using SSI Payment Processing there is a transaction fee charged per payment. This total fee consists of two parts; one part is charged by Worldline (and this is dependent on payment method used) and one part is charged by SSI.

In your receipts and transaction details the total fee will be shown. This fee can differ for same gross amount resulting in different final amounts paid forward depending on payment method used.

### **SSI fees per Payment:**

Any payment method +1% of gross amount (excl. VAT)

VAT will be added for clubs and events held within EU.

### **Worldline fees per Payment:**

Swish: Fixed fee +2 SEK and then 1,95% of gross amount

VIPPS: 1,95% of gross amount

Mobile Pay: Fixed fee of +1 DKK and then 1,95% of gross amount

Credit & debit cards

Debit cards within EEA\* 1,95 % of gross amount

Credit cards within EEA 1,95 % of gross amount

Other cards 2,95 % of gross amount

\* EEA is the European Economic Area. The EEA includes EU countries and Iceland, Liechtenstein, and Norway.

### **SHA – Charges are shared**

When SSI pays forward the Final amount to your bank, any costs for this transaction will be shared. This means each party bears their respective charges for paying and receiving the amount.

### **Example of Fees (SSI + Worldline):**

1. A shooter pays a gross amount of 1 000 SEK using SWISH for an order(s) within an event or club in Sweden.
2. The shooter will be charged 1 000 over Swish by Worldline. Once Worldline has processed the payment the order(s) will be marked as paid in SSI.
3. Next a total of 978,50 SEK is transferred from Worldline to SSI (SEB Bank) ( $1\ 000 - 2 - 19,5 = 978,50$  SEK)
4. After, for example two weeks, SSI will summarize all payment for this event or club and deduct SSI fees of 1% = 10 SEK plus VAT of 25% a 2,5 SEK and then forward the final amount to the bank account of event or org.
5. The final amount received at club or event bank account will be 968,50 SEK ( $1\ 000 - 21,5 - 12,5 = 966,00$  SEK) for this gross payment of 1000 SEK.
6. Complete receipt showing gross, net & vat for initial payment, transaction fees & vat and the final amount paid forward will be available as pdf and emailed to all admin of event/org per payment.
7. You can always find details about these payments under you club or event premium settings and premium payments.
